

Weedbusters

Environmental weeds are such a huge problem we all need to work together to stop the spread.

That's why Weedbusters has been launched in New Zealand with the support of government departments, Crown agencies, regional and district councils, Federated Farmers, Nursery and Garden Industry Association and other organisations.

All around New Zealand, communities are taking up the challenge by slapping on the sunscreen, pulling on their gumboots and getting their hands dirty to join the fight against weeds.

Look for the "Weedbusters at work" sign featuring the Woody Weed logo.

You too can become a weedbuster. Get involved in local weed control projects and conservation care groups.

Visit www.weedbusters.org.nz for information about Weedbusters in your region.

Let's all get weedbusting!
